Goals

- 1 Create an integrated trail system throughout the Tri-State Metropolitan Area to encourage: recreation, wellness, alternative transportation, energy conservation, heritage tourism, environmental education and air quality.
- 2 Provide connections to regional, state and national trail systems, including the Mississippi River Trail.
- 3 Advocate for adoption of “Complete Streets” policies by cities and counties in the Tri-State Metropolitan Area.
- 4 Provide connections from neighborhoods to schools, parks and other points of interest.
- 5 Connect all of the trail systems to the Port of Dubuque River walk, Heritage Trail, E.B. Lyons and Mines of Spain.
- 6 Develop safe, paved trails, with a corresponding website and maps, plus restrooms, benches and bike racks.
